PROGRAMME HIGHLIGHTS

PSEC will offer the very best professional development for teachers, school leaders, academics, and organisations involved in primary science.

Renowned physicist and science communicator JIM AL-KHALILI will be giving our opening keynote talk on 6th June 2019

Professor Al-Khalili has presented science inquiries on the tv and radio since 2004, and we are eagerly looking forward to hearing him speak at PSEC in 2019.

The rich programme will provide a daily combination of sessions including:

KEYNOTE
TALKS

PRACTICAL
WORKSHOPS

REFLECTIVE PRACTICE
SEMINARS

INTERACTIVE
TALKS

SCIENCE
SHOWS

The main daily themes and draft timings for the conference are outlined below. Conference sessions will also address: Outdoor learning, emotional well-being, SEND, cross-curricular science, EAL, teachers as researchers, gender bias, science capital and transition.

DAY 1 - THURSDAY

Engagement and enjoyment, working scientifically, assessment

DAY 2 - FRIDAY

The science of learning, play and early years, creativity

DAY 3 - SATURDAY

Subject leadership, STEM, information technology
